

Our Curriculum at Thames View Primary

🎓 At Thames View Primary School, we believe every child should have the opportunity to achieve their dreams, goals and ambitions. Our curriculum is designed to be exciting, ambitious and inclusive, helping pupils to grow in knowledge, develop essential skills, and build the confidence they need for the future.

🌟 What makes our curriculum special?

- 📖 Knowledge and skills together – pupils learn important facts and concepts, while also developing the skills to use and apply them.
- 🌱 Step-by-step learning – lessons are carefully sequenced so that new learning builds on what children already know.
- 📖 Reading at the heart – high-quality, engaging texts are used to inspire learning across the curriculum and foster a love of reading.
- 🌍 Real and relevant – subjects are linked where possible, and enriched with trips, visitors and outdoor learning to bring ideas to life.
- ❤️ Healthy and happy learners – we place great importance on pupils' well-being, promoting healthy lifestyles, resilience and positive values.

💡 Our values

Everything we do is shaped by our school values: 🌟 Respect, 🌟 Responsibility and 🌟 Resilience. These values guide learning, behaviour and relationships, helping children to become caring and confident members of their community.

🌱 The impact

Our aim is simple: children leave Thames View with a love of learning, the knowledge and skills to succeed, and the resilience to thrive in a changing world.
