HOOK DAY

Wednesday 7th January 2026

(please note, unless stated, children can wear their own clothes on Hook Day)

Year R … *Terrific Tales*
will be embarking on an adventure into the world of ***TERRIFIC TALES***.
Children may come to school dressed as their favourite fairy tale character. Will the classrooms be filled with wolves, fairy godmothers or perhaps giants? We are excited to see!

Year 1 ….. will be looking at ***Biomes/habitats in the Animal Word***
Children can come dressed as their favourite animal as we explore the Biomes/habitats around the world where similar animals and plants live.

Year 2 …… We will be going All Aboard!
During our topic "All Aboard", we will be learning all about the Titanic.
We would like the children to wear comfortable own clothes, as we will be completing topic-related activities on this day.

Year 3 ……. will be looking at ***Volcanoes***
Children could wear a colour that represents Earth or Fire (e.g. yellow, orange, red, brown, black). The children will be taking part in a science experiment and for this we ask if your child could bring in any 200ml empty bottles. We would ideally like the children to make one model each.

Year 4 ….. we will be looking at ***Glorious Greece***
We will completing a case study of Greece. As part of our hook day activities, we will be taste-testing a variety of Greek foods and looking at maps. During the day, we will also have fun learning some Greek dance steps. We invite the children to dress in the colours of the Greek flag (white and blue). If not, they are welcome to wear non-school uniform.

Year 5 …… *England's Monarchs*
Sometimes, history is shaped by big events like battles or earthquakes. Sometimes, just one person changes things, like the Tudor King, Henry VIII. On our Hook Day, we will begin to explore the life and impact of one of England's most notorious. We would love the children to come dressed as a Tudor person - royal or otherwise -see ideas in pictures. Alternatively to wear plain clothes of the colours of the Tudor rose symbol - red, green, white, yellow/gold.

Year 6 …… are getting ready for our topic on ***Mexico***.
We will be learning about Mexico, the physical and human features as well as weather and climate. We will be learning all about Mexican culture. Children can come dressed in the colours of Mexico - red, white and green or anything Mexico themed.
